WARREN's (only) MILK of ROSES,

BEING THE BEST

CLEANSER, CLEARER, and PRESERVER of the SKIN in all DEGREES of LIFE, (From SIX HOURS OLD to SIXTY YEARS) of any Thing yet offered to the PUBLIC, either in GREAT-BRITAIN, or on the CONTINENT,

As has been (and is daily) experienced by the FIRST FAMILIES in this KINGDOM;

At 3s. 6d. 10s. 6d. and One Guinea, a Bottle.

But as it is very common to find Things of the most value counterfeited, through Views of Gain; which same Views and Principles produce even Counterfeits in the Current Coins of Kingdoms, much more so in Articles of this Nature: To prevent which, each Bottle is marked in the Glass with these Words, viz. WARREN, PERFUMER, MARYLON-STREET, LONDON, and a Shop Bill annexed to the Directions thereof.

If MOTHERS, NURSES, and those who have the CARE of CHILDREN, will please to observe the agreeable Effects WARREN's MILK OF ROSES has on the SKIN, they would always be furnished with it in Town or Country.

*. * As the above is not, nor can be made by any other, counterfeit Sorts may the more easily be discerned.

WARREN'S Opiate, for cleansing and preserving the Teeth and Gums, is certainly of the most established Reputation of any Thing of the Kind. It eradicates the Scurvy out of the Teeth and Gums, unites the Gums to the Teeth, and gives an agreeable White Lustre to the latter; takes off that pale livid Colour the Scurvy brings on the Gums, and gives them a lively blooming Red; preserves both to old Age; is of a delicate Taste and Smell; and, as its Composition resists Putrefaction in the highest Degree, it will keep in any Climate for many Years. A sure Preservative for sound Teeth, and preventing decayed Ones from growing worse, of 20 Years Experience and Success.

Note. A Bottle of Compound Essence of Myrrh, given *Gratis* with the above Opiate.
